

Level 3

Certificate in Understanding Autism

Connect
2care

This qualification is designed for learners who want to increase their knowledge and understanding of autism. Successful completion of this qualification will allow learners to develop in-depth knowledge and understanding of autism, which would support progression onto appropriate qualifications and into employment within the health and social care sector.

Throughout this qualification specification, as in the Department of Health Adult Autism Strategy, we've used the term 'autism' as an umbrella term for all autistic spectrum conditions, including Asperger syndrome.

The term 'individuals with autism' includes children, young people and adults.

Entry Requirements

This qualification is designed for learners who wish to increase their knowledge and understanding of Autism.

There are no specific recommended prior learning requirements for this qualification. However, learners may find it helpful if they've already achieved a Level 2 qualification in, for example, learning support, social care or healthcare.

However, learners should be aged 16 or above to undertake this qualification.
